

PREFACE

The first International Conference on Nonlinear Analysis and Applications (ICNAA-2022) has been hosted by the Department of Mathematics, Assam Don Bosco University, Tapesia, Sonapur, Assam, India in Collaboration with the Institute of Physics and Mathematics, Technological University of the Mixteca, Oaxaca, Mexico and the Department of Mathematics, Ramniranjan Jhunjhunwala College (Autonomous), Ghatkopar, Mumbai, India. This Conference aims to bring to the attention of researchers recent developments and advances in different fields of pure and applied Nonlinear Analysis. The mission of ICNAA-2022 is to improve the quality and depth of the knowledge in these fields and to maximise the potential of professional experience in academic exchange. This special issue is a part of the International Conference on Nonlinear Analysis and Applications (ICNAA-2022). We are grateful to the authors and publisher for their support and co-operation.

HEMANTA KALITA

Mathematics Division, School of Advanced Sciences and Languages, VIT Bhopal University, Bhopal-Indore Highway, Kothrikalan, Sehore, Madhya Pradesh 466114, India
